EDUCATION

May 2010	Rutgers University Ph.D. in Education , Concentration in Applied Statistics and Psychometrics Dissertation: <i>A Classical Test Theory and Item Response Theory Analysis of the DSM-IV Symptom Criteria for a Major Depressive Episode Using Data from the National Comorbidity Survey – Replication.</i>	New Brunswick, NJ
October 2004	Rutgers University M.S. in Psychology , Biopsychology and Behavioral Neuroscience Program Master's Thesis: <i>Dose Dependent Effects of Cocaine on the Firing of Rat Striatal Neurons Related to Head Movement in an Operant Head Movement Task Depend on Predrug Firing Rate.</i>	New Brunswick, NJ
May 1996	Franklin & Marshall College B.A., Cum Laude, in Psychology	Lancaster, PA

WORK EXPERIENCE

March 2021 to present	Rutgers University, Graduate School of Applied & Professional Psychology Piscataway, NJ Assistant Research Professor <ul style="list-style-type: none"> Mentored undergraduate and graduate students in introductory and advanced statistical techniques, e.g., multivariate statistics, linear mixed modeling, latent variable modeling, classical test theory, & item response theory (IRT). Advised and consulted on the statistics, psychometric theory, and research design for clinical, sport, and industrial/organizational psychological research programs. 	
May 2018 to present	Rutgers University, Center of Alcohol & Substance Use Studies Piscataway, NJ Statistician & Research Analyst, Laboratory of Marsha E. Bates, Ph.D. <ul style="list-style-type: none"> Analyzed behavioral, psychophysiological, and neuroscience data from human studies using generalized linear mixed models, multivariate statistics, and structural equation modeling. Created graphical representations of large scale multivariate and hierarchical data sets for exploratory data analysis (EDA), and professional presentations using R, Stata, and SAS. Counseled on the preparation of the methods, results, and discussion sections of peer reviewed papers and conference presentations with respect to statistical analyses. 	
Fall 2005 to present	Consultant Statistics Consulting <ul style="list-style-type: none"> Advised on the data analysis, application of psychometric theory, and research method design for various behavioral, education, social science, neuroscience, & biomedical research projects. Planned and implemented analyses consisting of structural equation modeling, mediation analysis, classical test theory, item response theory (IRT), generalized linear mixed modeling (GLMM), hierarchical linear modeling, growth curve modeling, longitudinal modeling, and/or time-series analysis for clients. Advised on the statistics, experimental research design, and methodology for NIH grants in psychology and neuroscience using human and animal subjects. Counseled on the preparation of the methods and results sections of peer reviewed papers. 	Somerset, NJ

Spring 2007 to March 2018	Rutgers University, Dept. of Psychology Statistician, <i>Laboratory of Mark O. West, Ph.D.</i> <ul style="list-style-type: none"> Modeled complex behavioral and neural data using generalized linear mixed models, cluster analysis, principal component analysis, and structural equation modeling. Advised on various experimental research study designs using animal models of addictive behavior that led to numerous peer reviewed publications. Implemented data management and analytic strategies with SAS, R, and SPSS. Developed extensive graphical presentations of hierarchical data sets generated from intricate experimental study designs for exploratory data analysis and peer reviewed journal articles using R and SAS. 	Piscataway, NJ
September 2001 to June 2002	Educational Testing Service Graduate Intern, <i>Analysis of SAT Data</i> <ul style="list-style-type: none"> Statistically and psychometrically modeled SAT item data with structural equation modeling, factor analysis, classical test theory, and item response theory using SAS PROC CALIS, SAS PROC FACTOR, and SPSS. Graphically analyzed item response and total score psychometric data from classical and modern measurement perspectives using SAS/GRAPH and SPSS. 	Princeton, NJ
RESEARCH EXPERIENCE		
Fall 2005 to Spring 2008	Rutgers University, Office of Institutional Research and Planning Research Assistant, <i>Management and Analysis of Institutional Data</i> <ul style="list-style-type: none"> Conducted studies on the institutional characteristics of Rutgers University and other comparable academic institutions. Analyzed and managed institutional data using SAS, SPSS, and Crystal Reports. 	New Brunswick, NJ
Fall 2002 to Summer 2005	Rutgers University, Center of Alcohol Studies Research Assistant, <i>Study of Neuropsychological Factors in Alcoholism Treatment</i> <ul style="list-style-type: none"> Analyzed data from clinical trials of alcoholism treatment using multi-group structural equation models. Investigated the effects of neuropsychological impairment on successful alcoholism treatment outcome (using mediation and moderation models) and on psychopathology assessment (using differential item functioning). Implemented complex statistical models using Mplus, SAS, and SPSS. 	Piscataway, NJ
Summer 1997 to Summer 2004	Rutgers University, Dept. of Psychology Graduate Assistant, <i>Electrophysiological Study of the Basal Ganglia</i> <ul style="list-style-type: none"> Conducted electrophysiological recordings in a rodent behavioral pharmacology paradigm. Used SAS, SPSS, and HLM to develop and implement various univariate and multivariate data analytic strategies for complex multilevel neural and behavioral data. 	Piscataway, NJ
Winter / Spring 1996	Rutgers University, Dept. of Psychology Research Assistant, <i>AIDS Prevention Study</i> <ul style="list-style-type: none"> Programmed the PARADOX database software for data entry and analysis. Entered qualitative interview data into PARADOX. Trained undergraduates in operation of PARADOX. 	Piscataway, NJ
Summer 1993	Franklin & Marshall College, Dept. of Psychology Data Analyst, <i>HUD Survey of Project Hope II Public Housing Recipients</i> <ul style="list-style-type: none"> Analyzed quantitative survey data for a large-scale HUD program using Statistica. Created over 100 pages of graphics for a HUD conference presentation. 	Lancaster, PA
Summer 1992	Franklin & Marshall College, Dept. of Psychology Data Manager and Research Assistant, <i>Childhood Trauma Study</i> <ul style="list-style-type: none"> Programmed and maintained Statistica for data management purposes. Interviewed subjects to obtain extensive life history profiles. Coded interview data and scored psychological tests. Analyzed quantitative test and interview data using multivariate techniques. 	Lancaster, PA

RESEARCH AND DATA ANALYSIS SKILLS	
	<p>Statistical/Methodological: Experimental design, Longitudinal research design, ANOVA/MANOVA, Multiple regression, Multivariate statistics, Generalized linear mixed models (GLMM), Hierarchical linear modeling, Growth curve modeling, Principal component analysis/Factor analysis, Structural equation modeling, Mixture modeling, Latent class analysis, Cluster analysis, Multidimensional scaling</p> <p>Psychometrics: Classical test theory, Item response theory (IRT), Nonparametric item response theory, Test equating, Differential item functioning</p> <p>Software: SAS, R, Stata, Mplus, HLM, SPSS, Bilog, Data Desk, Datawave, Origin, Sigma Plot, MySQL, MS Word, Excel, & PowerPoint</p> <p>Qualitative Research: Grounded theory</p>
STATISTICS AND SOFTWARE TRAINING WORKSHOPS ATTENDED	
	<ul style="list-style-type: none"> • An Introduction to Latent Class Models, Mixture Rasch Models, and Diagnostic Mixture Models, March 2008 • A “Gentle” Introduction to Statistical Analysis and Teaching with R, March 2008 • APA Advanced Training Institute on Longitudinal Data Modeling, August 2004 • Mplus Short Course, November 2003 • SAS Programming I: Essentials, 2002 • SAS Programming II: Manipulating Data with the DATA step, 2002
STUDENT MENTORING IN STATISTICS & RESEARCH METHODOLOGY	
	<ul style="list-style-type: none"> • Rutgers University, Dept. of Psychology, <i>Laboratory of Mark O. West, Ph.D.</i>: <ul style="list-style-type: none"> ◦ Joshua Stamos, PhD, graduate student, 2012 – 2018, NIH F31 grant ◦ Nicholas Beacher, PhD, graduate student, 2016 – 2018, applied for NIH F31 grant • Rutgers University, Center of Alcohol & Substance Use Studies, <i>Laboratory of Marsha E. Bates, Ph.D.</i>: <ul style="list-style-type: none"> ◦ Laura Lesnewich, PhD., graduate student, 2018 – 2021, NIH F31 grant ◦ Sarah Grace Helton, PhD, graduate student, 2018 – 2021
TEACHING EXPERIENCE	
	<p>Rutgers University, Dept. of Psychology:</p> <ul style="list-style-type: none"> • Quantitative Methods in Psychology Recitation, Spring 2001, Fall 2000 • Neuropsychopharmacology Lab, Spring 2000 • Cognition Lab, Fall 1999
PROFESSIONAL AFFILIATIONS	
	<ul style="list-style-type: none"> • American Psychological Association • Association for Psychological Science • Society for Neuroscience
AWARDS AND FELLOWSHIPS RECEIVED	
	<ul style="list-style-type: none"> • APA Student Travel Award to travel to the APA Advanced Training Institute on Longitudinal Data Analysis, \$700, 2004
LANGUAGES	
	<ul style="list-style-type: none"> • Conversational Polish
PUBLISHED REFEREED (PEER REVIEWED) ARTICLES	

Pawlak, A., M., Buckman, J., Vaschillo, B., Vaschillo, E., & Bates, M. (in preparation). Influence and moderating effects of sensation seeking on the interoceptive signaling in alcohol cognitive biases.

Stamos, J.P., Pawlak, A.P., Beacher, N.J., & West, M.O. (in preparation). Accumbens processing of food associated cues in a rat model of binge eating.

PROFESSIONAL PRESENTATIONS

- Beacher, N.J., Dao, A., Karnam, M., Leichner, S.J., Kulik, J., Pawlak, A.P., & West, M.O. (2019, October). *Behavioral and electrophysiological evidence for "high risk" cocaine addiction identified in a subset of outbred Long Evans rats*. Poster to be presented at the Society for Neuroscience convention, Chicago, IL.
- Helton, S.G., Pawlak, A.P., & Todaro, S.M. (2019, June). *Factors that predicts client use of a technology-based paced breathing adjunct to substance use treatment as usual*. Poster to be presented at the Research Society on Alcoholism meeting, Minneapolis, MN.
- Todaro, S.M., Helton, S.G., Pawlak, A.P., Morgano, J.A., Lesnewich, L.M., Bates, M.E., & Buckman, J.F. (2019, April). *Experiencing medical problems promotes the use of an iPhone app-based breathing intervention*. Presented at the Collaborative Perspectives on Addiction Meeting, Providence, RI.
- Pawlak, A.P. (2019, March). *A conceptual introduction to linear mixed modeling: A (hopefully!) gentle basic primer*. Lecture presented at the Emerging Addictions Science Seminar series at the Center of Alcohol Studies, Rutgers University, Piscataway, NJ.
- Beacher, N.J., Kulik, J., Stamos, J., Klein, S., Estrin, D., Chen, V., Leonte, A., Pawlak, A.P., & West, M.O. (2017, November). *Heterogeneous development of drug abuse: Individual differences and predisposition to addiction*. Poster session presented at the Society for Neuroscience convention, Washington, DC.
- Klein, S.D., Kulik, J., Beacher, N., Pawlak, A.P., & West, M.O. (2017, November). *The emergence of negative affect as motivation for drug taking in rats chronically self-administering cocaine*. Poster session presented at the Society for Neuroscience convention, Washington, DC.
- Stamos, J., Pawlak, A., Sicherer, M., Pan, R., Stamos, C., Kulik, J., Beacher, N., Bello, N., & West, M. (2017, November). *Accumbens processing of a food associated cue in a rat model of binge eating*. Poster session presented at the Society for Neuroscience convention, Washington, DC.
- Beacher, N.J., Kulik, J., Stamos, J., Coffey, K., Klein, S., Estrin, D., Pawlak, A., & West, M. (2016, December). *Heterogeneous development of drug abuse: Identifying different forms of addictive behavior*. Poster session presented at the Rutgers Brain Health Institute symposium, Branchburg, NJ.
- Beacher, N.J., Kulik, J., Stamos, J., Coffey, K., Pawlak, A., Estrin, D., Damcevskas, M., & West, M. (2016, November). *Individual differences and predisposition to drug abuse*. Poster session presented at the Society for Neuroscience convention, San Diego, CA.
- Stamos, J., Taylor, A., Quintin, D., Coffey, K., Kulik, J., Pawlak, A., Bello, N., & West, M.O. (2016, November). *Accumbens firing in a dietary-induced model of binge eating*. Poster session presented at the Society for Neuroscience convention, San Diego, CA.
- Kulik, J., Coffey, K., Pawlak, A., & West, M. (2015, October). *Investigating activity of fast spiking interneurons in dorsolateral striatum*. Poster session presented at the Society for Neuroscience convention, Chicago, IL.
- Stamos, J., Bello, N., Pawlak, A., Tylor, D., Quintin, D., Coffey, K., Kulik, J., & West, M. (2015, October). *Accumbens cue reactivity and affective state in a rat model of binge eating*. Poster session presented at the Society for Neuroscience convention, Chicago, IL.
- Kim, O.A., Coffey, K.R., Barker, D.J., Ma, S., Pawlak, A.P., Fabbriatore, A.T., & West, M.O. (2014, November). *Evidence for tuning to preferred drug levels during cocaine self-administration by nucleus accumbens neurons*. Poster session presented at the Society for Neuroscience convention, Washington, DC.
- Stamos, J., Bello, N., Ma, S., Pawlak, A., Coffey, K., Quintin, D., & West, M. (2014, November). *Accumbens mechanisms of reactivity and affective state in a rat model of binge eating*. Poster session presented at the Society for Neuroscience convention, Washington, DC.
- Barker, D.J., Striano, B.S., Root, D.H., Pawlak, A.P., Fabbriatore, A.T., & West, M.O. (2013, November). *Firing of lateral preoptic area during cocaine self-administration*. Poster session presented at the Society for Neuroscience convention, San Diego, CA.

- Barker, D.J., Ma, S., Root, D.H., Pawlak, A.P., Coffey, K.R., Striano, B., Fabbriatore, A.T., & West, M.O. (2012, October). *Cocaine Addiction: Is it a habit?* Poster session presented at the Society for Neuroscience convention, New Orleans, LA.
- Coffey, K., Barker, D.J., Ma, S., Pawlak, A., Fabbriatore, A., & West, M.O. (2012, October). *The role of dorsolateral striatum neurons in skill learning and drug abuse.* Poster session presented at the Society for Neuroscience convention, New Orleans, LA.
- Ma, S., Pawlak, A.P., Cho, J., Root, D.H., Barker, D.J., & West, M.O. (2011, November). *Amphetamine's dose-dependent effects on dorsolateral striatum sensorimotor neuron firing.* Poster session presented at the Society for Neuroscience convention, Washington, DC.
- Root, D.H., Fabbriatore, A.T., Ma, S., Barker, D.J., Pawlak, A.P., & West, M.O. (2011, November). *Ventral pallidal firing patterns during cocaine self-administration.* Poster session presented at the Society for Neuroscience convention, Washington, DC.
- Ma, S., Root, D.H., Tang, C., Pawlak, A.P., Barker, D.J., & West, M.O. (2009, October). *Absence of cue-evoked firing in dorsolateral striatum neurons during the formation and expression of habitual behavior.* Poster session presented at the Society for Neuroscience convention, Chicago, IL.
- Bates, M.E., Pawlak, A.P., & Buckman, J.F. (2006, August). *The influence of cognitive impairment on social functioning.* Poster session presented at the American Psychological Association convention, New Orleans, LA.
- Pawlak, A.P., Buckman, J.F., & Bates, M.E. (2006, May). *Neuropsychological impairment indirectly influences recovery from negative alcohol consequences after treatment.* Poster session presented at the Association for Psychological Science convention, New York.
- Tang, C., Mittler, T., Duke, D.C., Pawlak, A.P., Zhu, Y., Prokopenko, V.F., & West, M.O. (2005, November). *Striatal neurons related to licking: Dose- and rate-dependent effects of cocaine on firing rate concurrent with licking stereotypy in rats.* Poster session presented at the Society for Neuroscience convention, Washington, D.C.
- Buckman, J.F., Bates, M.E., Pawlak, A.P., & Tonigan, J.S. (2005, August). *Linking alcohol-related cognitive impairment to therapeutic process.* Poster session presented at the American Psychological Association convention, Honolulu, HI.
- Pawlak, A., Bates, M.E., Labouvie, E., Tonigan, J.S., & Fals-Stewart, W. (2004, February). *Indirect effects of neuropsychological ability on addiction treatment outcome.* Poster session presented at the International Neuropsychological Society convention, Baltimore, MD.
- Duke, D.C., Leone, A.M., Pawlak, A.P., & West, M.O. (2000, November). *Firing-rate dependent change in activity of striatal neurons related to licking: An effect of cocaine?* Poster session presented at the Society for Neuroscience convention, New Orleans, LA.
- Fabbriatore, A.T., Ghitza, U.E., Pawlak, A.P., West, M.O., & Peoples, L.L. (2000, November). *Phasic firing patterns of nucleus accumbens core and shell neurons during intravenous cocaine self-administration session.* Poster session presented at the Society for Neuroscience convention, New Orleans, LA.
- Pawlak, A.P., Duke, D.C., Pederson, C.L., Wolske, M., Mittler, T., Cho, J., Peoples, L.L., & West, M.O. (1998, November). *Firing rate dependent effect of psychomotor stimulant drugs on lateral striatal neurons in awake, unrestrained rats.* Poster session presented at the Society for Neuroscience convention, Los Angeles, CA.
- Duke, D.C., Pawlak, A.P., & West, M.O. (1998, November). *Anesthetics abolish somatosensory responses of neurons in the somatotopically organized sensorimotor striatum of the rat.* Poster session presented at the Society for Neuroscience convention, Los Angeles, CA.
- Neighbors, C.N., O'Leary, A., Pawlak, A.P., & Gendel, D. (1996, September). *Reactions of high-risk males to condom request messages.* Poster session presented at the APA "Psychosocial and Behavioral Factors in Women's Health" conference, Washington, D.C.
- Penn, M.L., Chapman, T., Pawlak, A., & Brinser, M. (1993, August). *Lemonwood Housing Study: Hope I and Hope II HUD Project Proposal and Study.* Presentation of community and housing survey data to all

officially involved parties of the Hope I and II project for the Pottstown, PA community, which was part of a \$10,000,000 HUD grant for urban improvement and development
